

## CHAPTER DEVELOPMENT PROGRAM VOLUNTEER

Due to their success, the High Tea Society Programs are in great demand. The High Tea Society has developed a “Charter Training Program” for the purposes of training and educating other interested persons, organizations and entities about the systems, methodologies and other “confidential information” concerning the Programs so that they may establish, implement and run additional High Tea Society chapters in their respective communities after receiving written consent and approval.

- Create Training Manual for new chapter development
- Create Chapter Development outreach activities
- Design Chapter Development Brochure
- Market High Tea Society Chapters
- Train organizations, individuals, churches, etc. about High Tea Society Chapter formation

\_\_\_ Yes, I want to become a Chapter Development Volunteer
